Yosef Nademo

PROFILE

Passionate and determined developer, currently in the 3rd year at ETML, specializing in Software Development. Curious and resourceful, with constant effort to stay up-to-date with modern technologies through studies, personal projects, and practical experience. Solid skills in object-oriented programming, full-stack web development, database management, and DevOps processes. These skills have been applied in various contexts, from academic and personal projects to real-world events such as the Eurockéennes Festival in Belfort. Serious, methodical, and solution-oriented, with strong motivation to contribute to innovative projects while continuously expanding technical expertise.

TECHNICAL STACK

Programming Languages & Frameworks:

- C#, JavaScript, TypeScript, NodeJS, Vue.js, .NET, Express.js, AdonisJS, HTML5, CSS3

Databases:

- MySQL, MongoDB, SQLite, Redis

DevOps & Infrastructure:

- Git/GitHub, CI/CD, Docker
- PowerShell & Bash scripting
- Application monitoring & deployment

Security & Testing:

- Application Security (I183, I231)
- Unit Testing & Continuous Integration

UX & Design:

- Figma, Adobe Photoshop

EDUCATION

- 2023 - Present** | ETML - École Technique Lausanne
 - Apprenticeship in IT, Application Development (3rd year)
- 2022 - 2023** | Secondary School, Switzerland
 - General studies, VP certificate
- 2013 - 2022** | Academic Lyceum No. 47, Kyiv
 - Science specialization (math and natural sciences), advanced English & German studies
- 2014 - 2021** | Music School No. 27, Kyiv
 - Piano studies

EXPÉRIENCES

Eurockéennes Festival – Belfort, France (Summer 2025)

Developer & DevOps, ETML team

- Set up and maintained IT infrastructure for organizers, drivers, and staff
- Developed and deployed mobile & web applications
- Managed servers, databases, and DevOps processes
- Real-time monitoring and direct communication with users
- Hands-on experience in real-world conditions, teamwork, and technical responsibilities

Academic & Personal Projects (ETML + GitHub)

- Shoot Me Up: 2D video game (OOP, UX, DB, unit testing)
- Interactive full-stack web applications (Vue.js / Node.js / Express / MySQL)
- Secure and automated solutions implementation
- .NET mobile and backend applications

LANGUES

- Ukrainian** – Native (*Full bilingual proficiency*)
- Russian** – Native (*Full bilingual proficiency*)
- French** – C1 (*Professional proficiency*)
- English** – C1 (*Full professional proficiency*)
- German** – B1 (*Limited professional proficiency*)

SOFT SKILLS

- Problem-solving & critical thinking
- Adaptability & continuous learning
- Teamwork & collaboration
- Prioritization & organizational skills
- Creativity & innovation
- Resilience under pressure
- Attention to detail
- Proactive & self-motivated

HARD SKILLS

- Full-Stack Development (frontend + backend)
- DevOps & CI/CD
- Automation & Scripting
- Application Security & Secure Coding
- API Design & Development
- UX/UI Design
